Growing Instructions:

Sow in early spring into small pots full of seed sowing compost.

Do not cover with compost as light helps to germinate.

Place in a propagator, transplant when seedlings are big enough to handle.

When starting seeds indoors, do not plant outdoors until danger of frost has passed.

Harvest when new growth starts in spring, continuing into autumn.

Pick from the shoot tips regularly to encourage fresh young growth.

Perfect for:

Salads
Chicken Dishes
Seafood
Mushroom Dishes
Rice
Dressings
Sauces
Egg Dishes
