## Growing Instructions:

Sow in early spring into small pots full of seed sowing compost.

Cover with a fine layer of the compost and water gently.

Place in a propagator to germinate.

Plant into individual pots when seedlings are big enough to handle.

When starting seeds indoors, do not plant outdoors until danger of frost has passed.

Harvest all year round.

## Perfect for:

**Stews**
**Sauces**
**Roast Vegetables & Meats**
**Cocktails**
**Marinades**
**Baking**
**With fruits such as berries, peaches, lemons and apples**
**Desserts**
**With honey**
