Growing Instructions:

A perennial with pink and green double flowers that are approx 2-3cm.

Sow seeds directly April-July raking in seeds gently. Or sow in pots April-July covering lightly with a layer of vermiculite and covering with a cloche until germination starts.

Flowering May-June the following year.

Ideal for borders, as cut flowers, or in low maintenance and cottage gardens.

Manufactured in the UK by Scott & Co. Ltd mail@scottandcoproducts.co.uk www.scottandcoseeds.co.uk
