Growing Instructions:

Sow directly from April to August.

Sow seeds 1-2cm deep in prepared beds or alternatively in deep growing bags or large containers spaced 4-7cm apart.

Grow in a sunny position and keep well watered.

May be ready within seven weeks of sowing.

Purple carrot with orange centre.

Harvest June - December.

A vibrant, heirloom carrot variety recognized for its striking deep purple skin and bright orange interior. It is highly prized for its sweet, earthy flavor, crispy texture, and high levels of anthocyanins—powerful antioxidants that give the vegetable its unique color.
