Bee Friendly

Growing Instructions:

An annual with tiger spotted flowers in vibrant yellows and reds that are in bloom until autumn.

Sow seeds into prepared seed compost, February and March, cover with a sprinkling of compost. Place into a heated propagator.

When large enough to handle transplant, acclimatising before planting out once risk of frost has passed. Spaced approx 40cm apart.

Flowering May - September.

Perfect for borders, flower beds, cut flowers, and in low maintenance and wild-flower gardens.
