Pollinator Friendly

Growing Instructions:

A compact, perennial, English Lavender with spikes of small, highly-fragrant, blue-purple flowers.

Sow indoors either February to April or August to October. Surface sow seeds onto prepared compost, covering with a sprinkling of soil.

Grow in a warm spot, transplant seedlings when large enough to handle and acclimatise before planting out May and June.

If seeds have not germinated cold stratify.

Flowering June-October.

Ideal for hedges, borders, flower beds, cut flowers and in cottage, scented and wildlife gardens.
