Growing Instructions:

Sow indoors for all year round cultivation or March/April for outdoors.

Sow seeds into pots and cover with a fine layer of compost.

When large enough to handle transplant into 3" pots and gradually acclimatise them to outdoor conditions.

A vibrant, peppery salad green from the brassica family. It is packed with vitamin K, folate, and antioxidants. The leaves are highly versatile, adding a pungent kick to pizzas, pasta plates, and fresh summer salads.
